SUBJECT: CORRECTED COPY OF NRC LICENSE 50-27789-01

Enclosed is a corrected copy to License No. 50-27789-01, Amendment No. 04, dated January 8, 2007. This corrected copy adds the reference to Ohmart/VEGA fixed gauging devices in License Condition 9, to reflect the Ohmart/VEGA devices authorized in Item 6, and as requested in your letter dated January 8, 2007.

Additionally, you requested the authorization to conduct non-routine operations, in your letter dated January 8, 2007. The documentation submitted does not meet the required information as identified in Appendix N to NUREG-1556, Volume 4, and therefore, we were not able to authorize non-routine maintenance as part of your Amendment No. 04 license. Please provide the required information, which includes but is not limited to, specific procedures for the requested non-routine operations, identification of the individuals who will be performing the non-routine operations, and a copy of their training and experience.

You should review this document for correctness and completeness. If you have any questions concerning this action, please contact me at 817-276-6552.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at:  
<http://www.nrc.gov/reading-rm/adams.html>.

Thank you for your cooperation.

Sincerely,

/RA/
