Document\_Title: FY 2007-2012 Strategic Plan (NUREG-1614, Vol. 4) Draft for Comment

Comments: The Nuclear Regulatory Commission should leave out any planning for the speculative GNEP program. This only sets the stage for more countries feeling the need to create nuclear weapons.

Also, I live near Hanford, and do not want any more radioactive waste going there since the government, over several decades, has not shown it can effectively deal with the waste that is already there.
