SUBJECT: MAINTENANCE OF REFERENCE MATERIALS RELATED TO THE REVIEW  
OF THE BEAVER VALLEY NUCLEAR GENERATING STATION LICENSE  
RENEWAL APPLICATION AT THE BEAVER COUNTY LIBRARY SYSTEM

Dear Ms. Ambrose:

This letter is a follow-up to your telephone conversation on August 30, 2007, with Mr. Emmanuel Sayoc, concerning the maintenance of relevant documents by your library. These documents are related to the U.S. Nuclear Regulatory Commission (NRC) staff's review of the application from FirstEnergy Nuclear Operating Corporation for renewal of the operating license for Beaver Valley Power Station (BVPS), Units 1 and 2, for an additional 20 years. The application was received by the NRC on August 28, 2007.

The NRC staff appreciates your willingness to assist the public in participating in the license renewal safety and environmental review process. As discussed, your support would consist of providing approximately two feet of shelf space in your reference section, which would be used for making documents related to the NRC staff's environmental review available to the public. We will place the Beaver County Library System on our distribution list for documents and notices related to the review of the BVPS application. After the application review process is completed in approximately two years, you may dispose of these documents.

A paper copy of the application is being sent to you via priority mail. An electronic version will also be made available at the NRC's license renewal website, accessible at:  
<http://www.nrc.gov/reactors/operating/licensing/renewal/applications.html#underreview>.

Thank you for your cooperation. If you have any questions, you can reach me by telephone at (301) 415-2989 or via e-mail [klh1@nrc.gov](mailto:klh1@nrc.gov).

Sincerely,
