Subject: Reminder: Request for Statistical Information on ActiveMaterial Licenses

On July 25, 2007, an All Agreement States Letter FSME-07-073, along with, Active Agreement State & NRC Radioactive Materials Licenses by NRC Region and by State chart was sent out to all Agreement States, NJ, PA, and VA. The letter requested a current update of active materials licenses from the States by Thursday, August 30, 2007.

I would greatly appreciate if you would send me your current data in response to the letter by the end of this week. The PDF versions of the documents are provided for your convenience. Also, All Agreement States letters are posted at the FSME web site:
<http://nrc-stp.ornl.gov/asletters/>

Thank you!

Ron, I think I may have passed this along to you already, but if we've not done so, we may want to drop NRC a note with the number of our NARM licensees and what per cent will be added to NRC's when PA is an AS.

Thnx, Dave

Kim,

I have looked back in my FSME Documents folder, and do not see where I ever received FSME-07-73. Could you please resend a copy to me so that I will have the chart you describe, and can respond.

I will be in training this afternoon and all of tomorrow, so I may be a bit late responding, but I will get the info back to you ASAP.

Subject: Reminder: Request for Statistical Information on ActiveMaterial Licenses

On July 25, 2007, an All Agreement States Letter FSME-07-073, along with, Active Agreement State & NRC Radioactive Materials Licenses by NRC Region and by State chart was sent out to all Agreement States, NJ, PA, and VA. The letter requested a current update of active materials licenses from the States by Thursday, August 30, 2007.

I would greatly appreciate if you would send me your current data in response to the letter. Please let me know if you have any questions regarding the request or if you need additional time. The PDF versions of the documents are provided for your convenience. Also, All Agreement States letters are posted at the FSME web site:
<http://nrc-stp.ornl.gov/asletters/>

Thank you!

Ira or Gonzalo,

Please update the California license population for NRC. Let me know if you have any questions.

Thank you

Date: 08/02/2007 4:58:02 PM
Subject: UTAH Reply to FSME-07-073

Hi Kim,

I am the program manager responsible for the Utah radioactive materials licensing and inspection program. I have been asked to reply to the request for statistical information about the number of active material licenses in Utah (FSME-07-073). We currently have 197 active material licenses.

Craig Jones
Utah Division of Radiation Control
(801) 536-4250

Date: 07/27/2007 9:55:38 AM
Subject: FW: FSME-07-073, Request For Statistical Information - Active Material Licenses

FYI, interesting data... however, I think NRC needs to rev this request a bit.

Janet, I'd suggest that Kim resend this request, and specifically ask PA, NJ and VA to add in the number of NARM licenses that will be in their respective totals when they're an Agreement State (AS). And, other non-ASs need to give you how many NARM licenses NRC will expect to get soon by them not becoming an AS. Lastly, I think the NRC, ASs and non-ASs need to tally their "complex decommissioning" sites / facilities such that there is a break-out of these. In fact, I think NRC recently requested the ASs provide info on their state's decommissioning sites. Thoughts?

Ben, pls work with Ray, Ron and Bob to get the PA data as outlined above to Kim by the end of August. We need to include our ~460 NARM license with an estimate of how many will be folded together with NRC byproduct licenses when we're an AS.

Thnx, Dave
