Dear Mr. Massey:

On behalf of the U.S. Nuclear Regulatory Commission (NRC), I want to thank you for attending our workshop for Affected Units of Local Government in June. We appreciate the opportunity to explain the hearing process NRC will use to decide whether or not to authorize the U.S. Department of Energy to construct a repository at Yucca Mountain. We trust you found our workshop helpful and responsive to your needs.

As you recall, at the end of the workshop, we recorded a number of your questions and comments. Our responses are provided in the enclosure. In those cases where we cannot provide a complete answer at this time, we will supplement our responses, as appropriate, in future correspondence. If you have further questions or if we can be of further assistance, please contact Dr. Janet Kotra at (301) 492-3190, or by email at [jpk@nrc.gov](mailto:jpk@nrc.gov).

Once again, thank you for your interest in NRC's decision-making process. I look forward to meeting you again.

Sincerely,

/RA/
