Dear Mr. Leyse:

This letter is in reference to the petition for rulemaking you filed with the Commission. Your petition has been docketed pursuant to 10 CFR 2.802 to recognize your request for amendment of the Commission's regulation that governs domestic licensing of production and utilization facilities to require that nuclear power facilities be operated to limit the thickness of crud (corrosion products) layers and/or oxide layers on fuel rod cladding surfaces. Your petition has been assigned Docket Number PRM-50-84. The enclosed notice acknowledging receipt of the petition and requesting public comment will be published in the Federal Register.

As staff review progresses on your petition, it may be necessary to request additional information. Please reference the assigned docket number on any correspondence you may have concerning the petition. Any questions regarding this proceeding may be directed to Michael Harrison of my staff at 301-415-6865. Upon expiration of the comment period, we will provide you with copies of any comments that have been received in response to the notice of receipt for your petition for rulemaking.

Sincerely,

/RA/
