Attached is the current schedule for the Plant Vogtle pDEIS writing session next week in Richland. This is certainly subject to change but at least you can get an idea of where we currently think you'll be and when.

We are going to have three shadows with us. Their schedules are as follows:

Alan Bjornson - shadowing the hydrology/geology team

Irene Yu - shadowing the ecology team

Mike Willingham - shadowing the land use/alternatives/public health team

Jonathan Rund from OGC will also be attending and he'll be reviewing the entire document and providing us with expert legal opinions.

Thanks,

Mark
