Re: Adams Diagnostic Imaging, LLC
Radioactive Materials License Amendment
License Number 37-31212-0 I

03037385

Dear Sir or Madam:

The above-referenced license was initially issued under the assumption that the Radiation Safety Officer was Navesb C. Gupta, M.D. Documentation of all required training and experience for Dr. Gupta was enclosed in the initial application. On March 27, 2007, the licensee requested a change in registration of the Radiation Safety Officer.

The purpose of this correspondence is to reiterate the request contained in our September 6 correspondence that Dr. Gupta be reinstated as Radiation Safety Officer, effective July 1, 2007.

Thank you for your cooperation in this matter.

Very truly yours,
