Decommission room on license 24-24451-01 control # 316477

Mike,

Thank you for the call this afternoon.

I am attaching the maps and room surveys that were done on June 8 and 15, 2007 and the Final room survey we conducted on this room on June 25th.

The LSC is setting are on the heading for the reports. The room map shows where wipe points were taken. Sample #1 is background check. The setting does subtract 10 dpm's for a background on all samples.

The survey and map for the June 25 date was included with our Aug. 15, 2007 letter.

The LSC is calibrated and at that time the last calibration was Oct 2006. The heading reports a system set-up date of 14DEC2005 as the date the system was placed on-line.

May I request that you include this data to Cassandra Frasier since I do not have her email address? Thank you.

If you or Ms. Frasier need anything else, please contact me.

Thank you

Andrew G. Leahy
