THE DEPARTMENT OF ENERGY'S CERTIFICATION OF COMPLIANCE

The Commission's regulations direct the U.S. Department of Energy (DOE) to certify the availability of documentary material on the Licensing Support Network (LSN) no later than six months in advance of submittal by DOE of its license application for authorization to construct a geologic repository. The Commission's regulations further direct this certification to be made with the Pre-License Presiding Application Officer (PAPO). By Order dated July 7, 2004, the Commission appointed a PAPO. By Order dated July 8, 2004, the PAPO delegated to this Board authority over pre-license application matters related to the LSN.

Accordingly, appended to this filing is the certification of Dong Kim, the LSN Project Manager, DOE Office of Civilian Radioactive Waste Management (OCRWM), who is the official responsible for administration of DOE's responsibility to provide electronic files of documentary material. DOE will continue to supplement its LSN collection consistent with NRC's applicable regulations and PAPO Board Orders, and plans to update its certification at the time of license application submittal, which DOE anticipates will occur not later than June 30, 2008.

Respectfully submitted,
