Limerick Generating Station, Unit 1 and 2
NRC Docket No. 07200065

Subject: Quality Assurance Requirements –Independent Spent Fuel Storage
Installation

Dear Sir:

The purpose of this letter is to inform you of our intent to apply the Quality Assurance Program of Limerick Generating Station Units 1 and 2 to the Independent Spent Fuel Storage Installation (ISFSI) activities prior to first use. The LGS Quality Assurance Program, which satisfies the criteria of 10CFR50 Appendix B is maintained in the Quality Assurance Topical Report (QATR) [NO-AA-10] Rev 76 which was submitted via Docket Nos. 50-352 and 50-353 on February 6, 2006.

There are no commitments contained in this letter.

If you have any questions or require additional information, please do not hesitate to contact us.

Sincerely,

Christopher H. Mudrick for CH Mudrick
