

To: mahesh.vidyasagar@exxonmobil.com
Subject: Request for an extension of the surety estimate for source materials license SUA-1139

Mr. Mahesh Vidyasagar, Project Manager,
I received, on September 9, 2008, your request for an extension for 90 days to send a revised surety instrument to NRC to fulfill the conditions of license SUA-1139. The revised surety will include the cost of acquiring the property that has been impacted by a plume of contamination from previous activities of ExxonMobil. Your request for an extension is granted.
Tom McLaughlin, NRC Project Manager
