

UNITED STATES
NUCLEAR REGULATORY COMMISSION
OFFICE OF NUCLEAR REACTOR REGULATION
WASHINGTON, D.C. 20555

July 19, 1991

NRC INFORMATION NOTICE NO. 89-56, SUPPLEMENT 2: QUESTIONABLE CERTIFICATION
OF MATERIAL SUPPLIED TO THE
DEFENSE DEPARTMENT BY NUCLEAR
SUPPLIERS

Addressees:

All holders of operating licenses or construction permits for nuclear power reactors.

Purpose:

This information notice supplement is intended to alert addressees of additional information concerning a problem with the certification of material furnished by the Meredith Corporation, Pressure Vessel Nuclear (PVN), of Hillside, New Jersey, discussed in U.S. Nuclear Regulatory Commission (NRC) Information Notice (IN) 89-56 and IN 89-56, Supplement 1. It is expected that recipients will review the information for applicability to their facilities and consider actions, as appropriate, to avoid similar problems. However, suggestions contained in this information notice do not constitute NRC requirements; therefore, no specific action or written response is required.

Description of Circumstances:

In NRC IN 89-56, the staff discussed a 27-count indictment rendered on May 4, 1989, by a Newark Federal Grand Jury charging PVN and Alloy & Carbon Steel Company Incorporated (Alloy) corporate officers with substituting commercial-grade steel for military-grade steel and fraudulently documenting the substitutions as meeting military specifications. The notice indicated that the NRC was interested in obtaining information relevant to material supplied to nuclear utilities or vendors by PVN or Alloy in which discrepancies have been found. The NRC is aware that a number of organizations have independently tested PVN material. Some of the results of that testing were made available in NRC IN 89-56, Supplement 1. The following discussion provides additional information that has been made available to the NRC.

Discussion:

In January 1991, William Lanza, President of PVN, pleaded guilty before U.S. District Court Judge Harold A. Ackerman in Newark, New Jersey, to charges

9107120259

Updated on 8/14/91

PDR ICE Notice 89-056 910719

of conspiracy, mail fraud, and making false statements on test reports in connection with supplying steel to contractors working for the United States Navy. Lanza admitted to charges of Federal conspiracy in connection with the making of false statements on test reports for material supplied to the Navy by PVN. Lanza also admitted to providing false and incomplete documents to the U.S. Naval Investigative Service in response to a subpoena issued by the Department of Defense. He was sentenced to 30 months in prison, 3 years probation and fined \$20,599. PVN was ordered to make restitution of \$25,800.

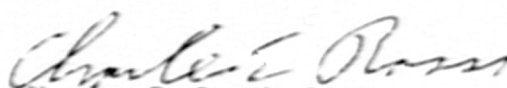

In August 1990, a guilty plea was entered by Dean Lanza of PVN. In December 1990, guilty pleas were entered by Hamilton Vazquez of PVN and Louis Mikosh and Thomas Syms of Alloy. Dean Lanza was sentenced to 9 months in prison, 2 years probation, and fined \$10,000. Hamilton Vazquez was sentenced to 3 years probation and fined \$5,050. Louis Mikosh was sentenced to 20 months in prison, 3 years probation, and fined \$20,599. Thomas Syms was sentenced to 4 months in a halfway house, 5 years probation, and fined \$10,000. Alloy was ordered to make restitution of \$25,800.

Attachment 1 contains copies of the press releases which were issued by the U.S. Department of Justice for the District of New Jersey.

The NRC has reviewed 1073 separate records on PVN material representing 504 different heats provided by 41 primary manufacturers and supplied to 23 organizations indicating a commercial nuclear end use. Forty-eight records contained one or more property values which failed to meet the specification requirements which covered 29 heats of material and represented 5 percent of the total records. Except for those previously reported in IN 89-56, Supplement 1, the nonconformances appear to represent minor deviations from the specifications. PVN appears to have made a practice of altering the documents which they obtained from manufacturers. Such changes, when coupled with nonconforming tests of PVN material performed by utilities, suggest that the authenticity of data on PVN Certified Material Test Reports (CMTRs) may be questionable.

Recipients of this information may wish to evaluate PVN-supplied material to determine if it is suitable for applications that are important to safety. Addressees also may wish to consider this recent additional information in planning their activities relative to the validity of the certification of materials supplied by PVN. The NRC remains particularly interested in receiving additional results from independent verification testing of material supplied by PVN.

This information notice requires no specific action or written response. If you have any questions about the information in this notice please contact the technical contacts listed below or the appropriate NRR project manager.

PRESS RELEASE

Newark -- Into the fifth week of trial, the remaining steel broker and his New Jersey based corporation pleaded guilty to conspiracy, mail fraud, and making false statements on test reports in connection with supplying steel to contractors working for the United States Navy in the construction and repair of fighting vessels, U.S. Attorney Michael Chertoff announced.

William Lanza, 41, of Long Island, New York, and Pressure Vessel Nuclear Steel of Hillside, New Jersey, pleaded guilty this afternoon before U.S. District Court Judge Harold A. Ackerman, Chertoff said.

Previously, Louis Mikosh, 48, of Warren, New Jersey, Thomas Cym, 54, of North Brunswick, New Jersey, Hamilton Vasquez, 34, of Lincoln Park, New Jersey, and Alloy & Carbon Steel Inc., of East Brunswick, New Jersey, pleaded guilty to other charges contained in the indictment.

Lanza admitted to charges of federal conspiracy in connection with the making of false statements on test reports which were supplied to the U.S. Navy and its contractors working in the construction and repair of U.S. Naval aircraft carriers, submarines and other surface vessels. Lanza also admitted providing false and incomplete documents to the U.S. Naval Investigative Service in response to a subpoena issued by the Department of Defense.

NEWARK -- Into the second day of their trial, three steel brokers and a New Jersey corporation that they operated pleaded guilty to conspiracy and making false statements on test reports in connection with supplying steel to contractors working for the United States Navy in the construction and repair of fighting vessels, U.S. Attorney Michael Chertoff announced.

Louis Mikosh, 48, of Warren, Thomas Syms, 54, of North Brunswick, and Hamilton Vazquez, 34, of Lincoln Park, New Jersey, and Alloy & Carbon Steel, Inc. of East Brunswick, pleaded guilty this morning before U.S. District Court Judge Harold A. Ackerman, Chertoff said.

Mikosh and Syms admitted to charges of federal conspiracy and making false statements on test reports in connection with supplying steel to contractors working for the United States Navy in the construction and repair of fighting vessels, Chertoff said.

Mikosh, who pleaded guilty to three federal felony counts, faces a maximum of 15 years in federal prison \$510,000 in fines. Syms, who pleaded guilty to two felony counts, could receive a 10-year prison sentence and \$500,000 in fines, Chertoff said.

Vazquez, who admitted to a single charge of providing a false statement in a test report, could be given a five-year prison term and a \$250,000 fine.

Alloy & Carbon Steel, Inc., faces a maximum fine of \$1 million.

Mikosh, Syms, Vazquez and Alloy Carbon & Steel are scheduled to be sentenced Feb 13, 1991 at 9 A.M. by Judge Ackerman, Chertoff said.

Today's guilty pleas occurred after jury selection and a day-and-a-half of trial testimony.

The defendants, operating out of Hillside, were steel brokers who routinely provided the U.S. Navy and Navy contractors with supposedly military-specification steel to be used in the construction and repair of ships, according to the Indictment.

The indictment goes on to allege that the defendants falsified chemical and mechanical test reports for the steel to conceal the fact that they were actually delivering commercial grade steel instead of the military specification steel required.

Mikosh and Syms admitted being part of the conspiracy which allegedly began in 1979 and ended in August of 1985 when the FBI

and Naval Investigative Service conducted a search of the defendants' Hillside offices, Chertoff said.

Syms also specifically admitted preparing and sending false test reports concerning steel delivered to the Navy through the Todd Shipyards in San Francisco. The Government identified this steel as having been used on the aircraft carrier U.S.S. Carl Vinson.

While also admitting to his role in the Todd Shipyards delivery, Mikosh also further admitted his role in the submission of false test reports in connection with the delivery of steel to Charleston Naval Shipyards for use in the repair of various vessels.

By his plea, Vazquez admitted his role in the submission of an American Bureau of Shipping report in connection with steel delivered to Precision Fabricators, Inc., which was engaged in new construction of the carriers U.S.S. Washington and U.S.S. Lincoln in Norfolk, Virginia.

Finally, Alloy and Carbon Steel, Inc. one of the firms operated by the defendants, entered pleas concerning the delivery of false certificates for four separate orders of steel to the Navy. The Government identified this steel as being used on the U.S.S. Carl Vinson, and for the repair of vessels at Charleston Naval Shipyard.

Chertoff stated that alleged co-conspirator William Lanza remains on trial. Earlier, his brother Dean Lanza entered guilty pleas to two counts of the 32 count Indictment, admitting his role in the conspiracy and the delivery of false certifications for steel to be used on the attack submarine U.S.S. Albany.

An Indictment is a formal charge made by a grand jury, a body of 16 to 23 citizens, Chertoff noted. Grand jury proceedings are secret, and neither persons under investigation nor their attorneys have the right to be present. A grand jury may vote an Indictment if 12 or more jurors find probable cause to believe that the defendant has committed the crime or crimes charged.

Despite Indictment, every defendant is presumed innocent, unless and until found guilty beyond a reasonable doubt following a trial at which the defendant has all of the trial rights guaranteed by the U.S. Constitution and federal law.

Chertoff credited Special Agents of the Federal Bureau of Investigation, under the direction of Gary L. Penrith, special agent in charge of the FBI's Newark Division and the Naval Investigative Service's Regional Fraud Unit, under the direction of Scott Jacobs, special agent in charge, for the investigative work that led to Indictment and pleas in this case.

The Government is being represented by Assistant U.S. Attorneys Terence P. Flynn, senior trial counsel, and Cheryl G. Bader, of the U.S. Attorney's Special Prosecutions Division in Newark.
