Dear Mr. Lynn:

On behalf of the U. S. Nuclear Regulatory Commission, I thank you for the continued support by the United States Special Operations Command to the NRC's force on force activities at commercial nuclear facilities. The expertise and insights provided by these highly skilled professionals are invaluable assets that NRC inspectors and licensees have benefited from for many years.

I am grateful for your personal support in maintaining this valuable and critical relationship. Please let me know if there is anything that you need from the NRC to facilitate the finalization of the tasking.

Sincerely,

Gregory B. Jaczko
