**FOI/PA REQUEST**

**Case No.:** 2011-0157  
**Date Rec'd:** 3-31-11  
**Specialist:** iVernis  
**Related Case:**

To the NRC FOIA team:

Pursuant to the Freedom of Information Act, 5 U.S.C. Section 552 *et seq* [FOIA], I request:

Access to and copies of all records -- including, but not limited to, correspondence by e-mail or other method, notes from meetings, reports, documents and any other records -- relating to tests and performance of the generators and other power backup systems at San Onofre Nuclear Generating Station, from 2005 to present.

Please include all materials generated up to the date of the NRC's final response, and do not limit the request to only material generated prior to the date of this request. Please include all information contained in the requested material that otherwise would be considered non-responsive to the specific request. In addition, please notify me of any similar requests.

Please justify any deletions by reference to specific exemptions of the Act and release all reasonably segregable portions of all otherwise exempt material. I reserve the right to appeal any decisions.

I am a veteran journalist reporting a story for publication by a respected San Diego area news organization. My work has in the past been published by the Los Angeles Times [10 years], The San Diego Union-Tribune [10 years] and the Voice of San Diego [a respected and recognized online news organization]. The information I've requested would improve the public's understanding of government operations and oversight of a nearby nuclear plant. I respectfully request a waiver of fees based on those grounds.

Should my request for a fee waiver be denied, I agree to pay reasonable fees. Please contact me for authorization if the fee charge will exceed \$300.

Please contact with for any necessary clarification. Copies of the documents may be delivered by electronically or by mail using the contact information below. I realize you are innundated with requests, but I nonetheless look forward to your response within the customary 20 days.

Thanks very much, Liz
