Topical Quality Assurance Report (FPLTOAR 1-76A)

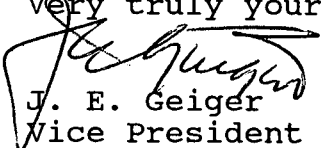

Pursuant to 10 CFR 50.54(a)(3), attached is the annual update of the Florida Power and Light Company Topical Quality Assurance Report (TQAR).

Enclosure I includes a summary of the changes made to the TQAR since April 30, 1992. Enclosure II contains marked up versions of the TQAR showing all changes that have been made since the last annual submittal. Enclosure III is the current TQAR including all revisions issued through Revision 34 dated April 1, 1993.

All changes have been reviewed by the Quality Assurance Department and it has been concluded that these changes do not reduce the commitments in our program description which has been previously accepted by the NRC. In addition, certain of the changes included in TQR 1.0 Revision 25, TQR 4.0 Revision 6, and Appendix C Revision 11, were submitted to the NRC by FPL letter L-93-19 dated January 28, 1993. The NRC approved those changes in March 1993.

Should there be any questions, please contact us.

Very truly yours,

J. E. Geiger
Vice President
