Expedite_UrgencyToInformText:

Waiver_Purpose: For public education and enlightenment with regard to the operations and safety at Indian Point.

Waiver_ExtentToExtractAnalyze: We will analyze what kind and how many exemptions have been granted. It is impossible to obtain this information from ADAMS since no list exists of all the exemptions granted and therefore it cannot be searched.

Waiver_SpecificActivityQuals: We work with professional scientists, engineers and nuclear experts, as well as public advocates who will utilize the information requested to contribute to the public's understanding of the current status of the Indian Point facility and operating license.

Waiver_ImpactPublicUnderstanding: The public's concern about the enforcement of regulations will be impacted by what the FOIA discloses. Currently the NRC staff has made it clear in public meetings that they do not have a list of all the exemptions granted, and therefore this FOIA will be used to increase the public's understanding of the status as well as that of the NRC's staff.

Waiver_NatureOfPublic: Approximately 20 million American citizens are the public living within 50 miles of Indian Point - approximately 8% of the U.S. population

Waiver_MeansOfDissemination: After careful review of the FOIAed information, PHASE will comply a report which will be available upon request for free to all members of the public.

Waiver_FreeToPublicOrFee: The information will be provided for free of charge.

Waiver_PrivateCommericalInterest: There is no commercial or private interest in the records sought - only public health and safety - PHASE is a non-for-profit research group that prepares reports from public records for public use.
