Ref: License No. 29-00139-02

Dear Sirs:

This is to request an amendment to Squibb's
Byproduct Material License No. 29-00139-02 to make
the following changes with respect to the membership
and chairmanship of the Radiation Safety Committee.

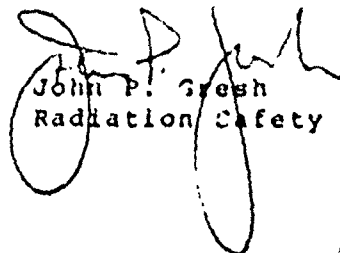

- E. Eaton M. D. replaces E. Banta M. D.
- H. Bartlett replaces P. Rava
- J. Gresh is appointed Chairman of
the Committee

Enclosed for your records are Mr. Bartlett's
and Dr. Eaton's resumes. Also, please find two checks
which total sum \$120.00, the fee to process this
amendment.

Very truly yours,

Log: Sept. 11-I

Harry John Bartlett

Advanced Training Courses:

Grievance Handling - Rutgers University

Quantitative T.L.C. - University of Penn.

Basic Principles and Applications of RIA -
Albert Einstein Medical Center

Measurement of Radioactive Materials - NBS

Radiopharmaceutical Quality Control - N.Y.C. Medical Center

Sterile Products Quality Control - The Medical University
of South Carolina College of Pharmacy

Validation Processes, Procedures and Systems - National
Association of Pharmaceutical Manufacturers

Sterile Products Technology - The Institute of Applied
Pharmaceutical Sciences

Control of Airborne Particulate Contamination - The Institute
of Applied Pharmaceutical Sciences

CGMP Requirements for Sterile Products - International
Society of Pharmaceutical Engineers

Finance and Accounting for the Non-Financial Manager -
Squibb

Harry John Bartlett

Areas of Expertise:

Committee Memberships:

AIF-NBS Standards Committee - 1975 - 1979

Memberships:

Society of Nuclear Medicine
Health Physics Society
American Chemical Society
Institute of Environmental Sciences
Air Pollution Association
American Management Association
International Society of Pharmaceutical Engineers

Professional Proficiency:

1. Laboratory Techniques and Procedures
2. Good Manufacturing Practices and Procedures
3. Nuclear Medicine
 - a. Radiopharmaceuticals
 - b. Nuclear Instrumentation
4. Administration of Chemical laboratories
5. Health Physics
6. Complaint Evaluation
7. Quality Control methods
8. Sterile Products Technology
9. Validation of Environmental Systems

Experience:

1. Union-Management Relations
2. Interaction with Government agencies
 - i.e.: FDA, NRC, NIH, National Bureau of Standards
3. Regulatory Controls
 - i.e.: CFR, USP, NF, Filings
4. Special Projects-Development and Evaluation
5. Stability Programs
6. Interaction with other departments in Squibb
 - i.e.: Manufacturing, R&D, Personnel
7. Validation Programs
