

The map displays the CPNPP Groundwater Monitoring Well Cluster. Key features include:

- Units:** Unit 1, Unit 2, Unit 3, and Unit 4 Cooling Towers are shown as green rectangular structures.
- Monitoring Wells:** Numerous wells are marked with red diamonds and labeled, including MW-1201 through MW-1218. Some wells are labeled with (A, B, C) indicating different clusters.
- Reservoir:** The Squaw Creek Reservoir is shown as a large blue area on the left side of the map.
- Legend:**
 - CPNPP Center Point (Yellow star)
 - Groundwater Monitoring Well Cluster (Red diamond)
 - Installed Wells at Cluster Location (Red diamond with (A, B, C))
 - RW-1 (Blue diamond)
 - OW-1 (Blue diamond)
 - OW-2 (Blue diamond)
 - OW-3 (Blue diamond)
 - Landfills (Brown rectangle)
 - Electric Switchyards (Orange rectangle)
 - Evaporation Ponds (Light blue rectangle)
 - Existing Structures (Green rectangle)
 - New Structures (Light green rectangle)
 - Roads and Parking (Grey line)
- Scale:** A scale bar in miles (0 to 0.16) is located in the bottom right corner.
