AUDIT OF THE COMMITTEE TO REVIEW GENERIC REQUIREMENTS

OIG-09-A-06

Status of Recommendation

Recommendation 1: Develop, document, implement, and communicate an agencywide process for reviewing backfit issues to ensure that generic backfits are appropriately justified based on NRC regulations and policy.

Agency Response Dated
June 21, 2011:

With regard to this recommendation, the Committee to Review Generic Requirements (CRGR) updated and revised the CRGR Charter, which documents the agencywide process for reviewing backfit issues and ensures that generic backfits are appropriately justified based on NRC regulations. The policy was subsequently approved by the Executive Director for Operations (EDO) and issued on March 8, 2011, as revision 8. Various agency communication tools were used, including a memorandum to the EDO (ADAMS Accession No. ML11094A009) and an agency announcement (Announcement No. 046 Date: April 12, 2011), to inform the agency of the issuance of the charter. A link to the document was also placed on the CRGR external Web site to inform external stakeholders of the availability of the revised CRGR Charter.

On June 15, 2011, the CRGR issued the draft Management Directive (MD) 8.4, "Management of Facility-Specific Backfitting and Information," to the various relevant offices for a 30-day comment period. External stakeholders views were incorporated into the draft MD. The CRGR anticipates providing a draft final MD 8.4 to the Office of Administration by September 2011 for its final edits and formatting.

In addition to these activities, the CRGR and Office of the General Counsel, in cooperation with the Office of Human Resources, are working together to establish a centralized agency resource for backfit training. The next step will be to develop a training module on

AUDIT OF THE COMMITTEE TO REVIEW GENERIC REQUIREMENTS

OIG-09-A-06

Status of Recommendation

Recommendation 1 (continued):

the overall process and then to develop program-specific modules that can be used by the program offices and regions as appropriate. The planned implementation of this centralized training program is scheduled for the end of calendar year 2011 as stated in the July 1, 2010, action plan (ADAMS Accession No. ML101170084).

OIG Analysis:

The current update continues to meet the intent of the original recommendation. OIG will close the recommendation once we receive and review the final version of MD 8.4 as well as the new backfit training programs to ensure implementation of the recommendation's intent.

Status:

Resolved.

Additional Instructions to Action Offices/Regions on Responding to OIG Requests for Status Updates for OIG Report Recommendations

The action Offices/Region should provide a memorandum addressed to the Assistant Inspector General for Audits (AIGA) signed by the Office Director or Regional Administrator. The response should provide the status of each recommendation in the associated OIG audit report.

The memorandum should provide updated status for the OIG report recommendations by the date specified. An extension will not be granted since the memorandum is requesting a status of the recommendation(s), not the completion of the recommendation(s).

Please ensure the updated status memorandum addresses all “resolved” and “unresolved” recommendations and include for each recommendation separately:

- (a) the recommendation by number, repeating its text verbatim,
- (b) a response that describes under each recommendation the action(s) needed for closure,
- (c) the target completion date for the action(s), and
- (d) the identification of the current point-of-contact.

When appropriate, ensure applicable document(s) to support OIG closure of recommendation(s) are attached as Enclosures and/or provide an ADAMS accession number with viewer rights. Be sure to include the audit number, for example: OIG-11-A-01, and task number(s) to the case reference field in the ADAMS profile.

Forward the memorandum to OIG via email, as described in the Special Instructions or Remarks in the associated action item ticket.

Please note that status update memoranda that are in response to publically available OIG audit report recommendations should be profiled in ADAMS to be publically available, and the memorandum should not be marked to the contrary.
