Dear Ms. Weidner,

In reference to your letter dated July 15, 2011 on the subject of: **Springfield Hospital, Request for Additional Information Concerning Application for Renewal of License, Control No. 574959**, Springfield Hospital confirms the following statements:

1. Radiation monitoring instruments will be calibrated by a person qualified to perform survey meter calibrations. We reserve the right to upgrade our survey instruments as necessary as long as they are adequate to measure the type and level of radiation for which they are used.
2. Equipment used to measure dosages will be calibrated in accordance with nationally recognized standards or the manufacturer's instructions.
3. Either we will perform a prospective evaluation demonstrating that unmonitored individuals are not likely to receive, in 1 year, a radiation dose in excess of 10% of the allowable limits in 10 CFR Part 20 or we will provide dosimetry that meets the requirements listed under 'Criteria' in NUREG-1556, Vol. 9, Rev. 2, 'Consolidated Guidance About Materials Licenses: Program-Specific Guidance About Medical Use Licenses'.
4. We have developed and will implement and maintain written procedures for area surveys in accordance with 10 CFR 20.1101 that meet the requirements of 10 CFR 20.1501 and 10 CFR 35.70.
5. We have developed and will implement and maintain written procedures for safe use of unsealed byproduct material that meet the requirements of 10 CFR 20.1101 and 10 CFR 20.1301.
6. We have developed and will implement and maintain written procedures for safe response to spills of licensed material in accordance with 10 CFR 20.1101.
7. We have developed and will implement and maintain written waste disposal procedures for license materials in accordance with 10 CFR 20.1101, that also meet the requirements of the applicable section of 10 CFR Part 20, Subpart K, and of 10 CFR 35.92.

574959

Springfield Hospital also commits that no PET radionuclides will be used at our institution and Springfield Hospital does not possess any sealed sources that do not meet the criteria in 10 CFR 35.65.

If you have any further questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read 'Glenn Cordner', written over a horizontal line.
