Memorandum

TO : Files *sum*
THRU: Paul R. Nelson, Senior Radiation Specialist
Region I, Division of Compliance
FROM : Alfred W. Grella, Radiation Specialist *AWG*
Region I, Division of Compliance
SUBJECT: BERYLLIUM CORPORATION
HAZLETON, PENNSYLVANIA
LICENSE NO.: 37-7676-1

DATE: May 19, 1966

Inspector's Evaluation

No hazards of health and safety were observed during the inspection of this licensee. The inspector was impressed by the procedures and controls, especially the surveys which had been taken by the licensee. Personnel responsible for the AEC licensing program appeared to be very knowledgeable and conscientious in observing license requirements.

A reinspection date of 4/69 (one year added) is recommended for this Priority III, Category E licensee.
