Ngola,

Thanks for the note. We took the approach of having a slide for section 8.3, "Onsite Power Systems", which encompasses both 8.3.1, "AC Power Systems" and 8.3.2, "DC Power System" (and really also 8.3.3, 8.3.4, and 8.3.5) instead of having separate slides on each sub-section. We took this approach since the entire 8.3 is primarily IBR with only short items in the R-COLA to address the COL Items. If there is a reason that you think that we should go into more detail on any of these sub-sections, let us know and we will take that into consideration.

Todd,

One comment on you slides is that I did not see a slide for section 8.3.2, "DC Power Systems".

Ngola,

Attached is our draft presentation for ACRS. Todd Evans has the lead to develop the slides and will be making the presentation for us.

Please let us know if you see any conflicts or unnecessary overlap with your presentation. We plan to submit our final slides to ACRS one week before the briefing.
