Steve,

This note replies to your letter of July 21, 2011, in which you transmitted a safety evaluation (SE) with open items (OIs) for FSAR Chapter 10 of the CPNPP COLA. The letter requested that Luminant verify the staff's conclusion that the SE contains no information for which exemption from public disclosure has been sought or approved and that the SE contains no factual errors. Luminant has completed its review of the SE and concurs with the staff's conclusions. Luminant found no information in the SE for Chapter 10 for which exemption from public disclosure has been sought or approved and Luminant found no factual errors in the SE.

Thanks,

**Donald R. Woodlan**
