REGION 1

Dear Sirs:

03038027

This letter is to request an amendment to U.S. NRC license #47-31367-01 for the licensee Consolidation Coal Company, Shoemaker Mine Preparation Plant.

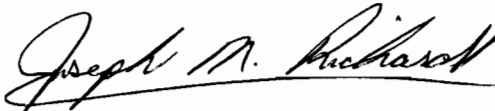

Please replace Mr. Matt Benusa, who is the RSO presently listed on the license, with Mr. Tom Crawshaw. Mr. Crawshaw completed a twenty-four hour Radiation Safety Officer training course from October 15 through October 17, 2001 provided by Applied Health Physics, 2986 Industrial Blvd., Bethel Park, PA 15102. See the attached certificate of training. Mr. Crawshaw has over nine years of experience with industrial gauges containing radioactive sealed sources, and has previously acted as RSO for this facility.

The topics covered in this training course meet Appendix G criteria for Radiation Safety Officer Training as outlined in the U.S. NRC document NUREG-1556, Vol. 4, dated October 1998.

Should you have any questions or concerns regarding this request, please contact me. Your help and cooperation is appreciated.

Sincerely,

On Behalf of Consolidation Coal Company

  
Joseph M. Richards
