Subject: RE: UNC Naval, New Haven CT - Request for Update

Laurie, John is on vacation and does not have access to email – so I will give you an update. Cabrera has not performed any work at the site and that includes clearing brush, etc. Cabrera will begin their site activities on Monday August 15th as we discussed in our last conference call. I meet with Shneur Katz this week we discussed what vehicles had to be removed from the building and he assured me they would be removed by Monday. I will also call Mr. Copeland tomorrow to remind him that we will begin removing brush and trees from his lot on Tuesday (8/16). Please let me know if you require any additional information.

Subject: UNC Naval, New Haven CT - Request for Update

John:

I understand that Cabrera has begun some work, clearing the brush, etc., could you provide a brief update regarding work activities at UNC Naval before 1:30pm today?
An e-mail or phone call will be sufficient. I don't need a full conference call.

FYI - The NRC has accepted the notification to initiate activities at the UNC Naval site (letter dated August 1, 2011); Cabrera can expect to receive a letter from us within a week.

Thank you,
Laurie Kauffman
