

MAR 15 1974

A. Giambusso, Deputy Director
for Reactor Projects
Directorate of Licensing

Docket No. 50-331

IOWA ELECTRIC LIGHT AND POWER COMPANY (DUANE ARNOLD)

We have been informed by our Region III Office that the outstanding items listed in the enclosure to my memorandum dated February 20, 1974, have now been completed. We recommend that the Operating License restriction be removed thereby allowing the licensee to undertake initial criticality.

Original signed by
J. G. Davis

John G. Davis, Deputy Director
for Field Operations
Directorate of Regulatory Operations
