Fred,

I may have misspoken earlier when I said that we intended to remove all references to 10 CFR 50, Appendix J. There are other places within Section 6.2.6 that contain references to 10CFR50, Appendix J where it is appropriate to do so. A105 will only remove the phrase from Note 3 on Page 6.2.6-20 unless Engineering during their review of my package identifies another place that needs removal before A105 is submitted. Just wanted to clarify that point.

Actually, I believe one of your reviewers identified this oversight. Justin and/or Pat passed along to Bill and/or Bob.

Please let me know if I can be of further assistance,
Rickey

Glad you found it and have the fix in process. Fixing it in A105 is fine. Thanks, Fred

Fred,

Yes, we intended to remove all references to 10 CFR 50, Appendix J. In Amendment 104, we removed this phrase in three places earlier in Section 6.2.6. (two places on Page 6.2.6-3 and once on Page 6.2.6-4). This phrase on Page 6.2.6-20 was overlooked but it will be removed in Amendment 105. In fact, I drafted a change package yesterday to be included in A105 to do just that.

I am sorry for the oversight.

Rickey

Rickey, I'm looking at Open Item 47 in Enclosure 1 to TVA's letter dated June 7, 2011. The reference to Appendix J was supposed to be removed from the FSAR in Amendment 104.

If I go to FSAR Table 6.2.6-3, page 6.2.6-20, I see that Note 3 still references 10 CFR 50, Appendix J.

Did you all overlook this reference when you processed Amendment 104? Thanks, Fred (301-415-2296)
