Dear Sir or Madam:

Global Nuclear Fuel – Americas, L.L.C. (GNF-A) facility in Wilmington, N.C. hereby submits our revised Radiological Contingency & Emergency Plan (RC&EP). Please replace the existing RC&EP with this version in its entirety.

No reduction in effectiveness of the RC&EP is being made as a result of these changes.

A description of the changes by section is provided in the list of affected pages section in the front of the attached RC&EP.

Attachment 1 contains the updated RC&EP in its entirety. Wherever there is a page change within a chapter, the entire chapter is identified with the next revision number. Only pages with changes have a vertical (|) in the right-hand column next to the location of the change.

Pursuant to NRC Regulatory Issue Summary 2005-31, GNF-A requests that the attachments to this letter be withheld from public disclosure under 10 CFR 2.390 as they contain security related sensitive information associated with our Emergency Planning and Response Program.

Please contact me on (910) 819-5950 or Phillip Ollis on (910) 819-6301 if you have any questions or would like to discuss this matter further.
