Please refer to Section 8.7.1 of NUREG 1556, Vol. 1, Rev. 01, "Consolidated Guidance about Materials Licenses: Program-Specific Guidance about Portable Gauge Licenses" for what training is required for a Radiation Safety Officer (RSO) and provide the appropriate training documentation for Ms. Kesy.

This NUREG can be found on our website at:

Due to a NRC Policy change a statement, the proposed RSO must confirm that s/he accepts the position as RSO and that s/he understands the duties and responsibilities associated with the RSO position. Please have Ms. Kesy provide a written, signed, and dated statement that Ms. Kesy accepts the position as RSO and that she understands the duties and responsibilities associated with the RSO position.

Lastly on your application dated January 28, 2011 we noted that Item 3 did not request the use of materials at temporary jobsites where the NRC maintains jurisdiction as your current license allows. Please provide clarification for where you would like to be authorized to use your licensed material.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.
