Mike,

Here are the comments I sent Nick. With the date.

Nick,

The draft audit plan looks fine to us. There are a couple of items you may offer to the NRC to change but they are not requirements.

In the first paragraph DTE did not submit revision 2 of GE ST-56834/P, Revision 2, dated September 2010. It was submitted to NRC by GEH letter MFN 09-484, Supplement 1, 9/30/2010.

The specification has now been issued so the date can be firm:

Date: Wednesday August 3
Location: NPOC office 11426 Rockville Pike, Rockville, MD
Time: 9 AM – 12 PM
Contact: Patricia Campbell, 202-664-4511.

Has the NRC accepted the WebEx review?

Should I (or Patricia) call Mr. Eudy?

Thanks, Skip

Walter (Skip) Schumitsch

Here it is. If you have any comments, please let me know so I can get them back to the NRC.

Nicholas A. Latzy

(See attached file: Fermi3 rotorauditplan.docx)

Nick,

Here is the staff's draft audit plan for the rotor material specifications. Please let me know if you have any revisions or comments. Thanks.
