Erwin, TN 37650

SUBJECT: PUBLIC MEETING SUMMARY – EXIT MEETING FOR RESTART READINESS
ASSESSMENT TEAM FOR THE URANIUM HEXAFLUORIDE PROCESS AT
NUCLEAR FUEL SERVICES, INC.

Dear Mr. Henry:

This letter refers to our meeting at the Erwin Town Hall in Erwin, TN on August 16, 2011, during which we discussed the results of the Nuclear Regulatory Commission's (NRC) Restart Readiness Assessment Team inspection of the uranium hexafluoride (UF₆) process at Nuclear Fuel Services (NFS). The meeting accomplished the goal of communicating the results of the inspection in a public setting and presenting the methodology that was used to determine the licensee's readiness to restart the processes. The meeting also afforded the members of the public the opportunity to ask questions and provide feedback to the NRC regarding NRC's inspection activities at the NFS site before and after the business portion of the meeting.

The list of meeting attendees is enclosed. The meeting slide presentations are available under accession numbers ML112310170 (for NRC's slides) and ML112310131 (for NFS' slides) in ADAMS. In addition, the two meeting handouts can be found under accession number ML112300125 (Response to Questions from the Public Licensee Performance Review Meeting Unicoi County Courthouse – Erwin, TN April 7, 2011) and ML112300109 (Uranium Hexafluoride (UF₆) Process Restart Inspection Exit Meeting August 16, 201, Response to Questions from the Public).

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

J. Henry
