Subject: FW: Target Schedule for FIV Questions

Yuken,

Below for your planning is when NINA will submit the revised RAI responses based on the six (6) questions discussed in previous Wednesday telephone conferences. This is one of the two 3.9.2 topics for this coming Wednesday (8/10). The other is test acceptance criteria.

Please let me know if and how this could affect your ASER preparation plan and schedule. The current target dates are August 31 for contractors' input and October 14 for EMB2 to project.

Regards
