SUBJECT: TERMINATION OF YOUR NRC RADIOACTIVE MATERIALS LICENSE

Dear Ms. Hopma:

In your letter dated April 1, 2011, you contacted the U.S. Nuclear Regulatory Commission and indicated that you wished to terminate your NRC radioactive material license. The NRC staff has reviewed your submission. Based on its review, the staff has concluded that all licensable radioactive material has been transferred from West Shore Cardiology Consults, P.C., NRC license number 21-24873-01, to Mercy Hospital, NRC license number 21-02187-01.

Based on these conclusions no further remediation or actions with respect to NRC regulated material is required, on your part. NRC license number 21-24873-01 is hereby terminated.

In accordance with 10 Code of Federal Regulations 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

If you have any questions, please contact me at (630) 829-9887.
