4000 Avenue F, Suite A
Bay City, TX 77414

SUBJECT: REQUEST FOR ADDITIONAL INFORMATION RE: SOUTH TEXAS PROJECT
NUCLEAR OPERATING COMPANY TOPICAL REPORT (TR) WCAP-17322-P,
"REFERENCE SAFETY REPORT FOR BWR CORES." (TAC NO. RG0131
AND ME5084)

Dear Mr. McBurnett:

By letter dated October 6, 2010, STP Nuclear Operating Company (STPNOC) submitted for U. S. Nuclear Regulatory Commission (NRC) staff review Topical Report (TR) WCAP-17322-P, "Reference Safety Report for Boiling Water Reactor Fuel and Core Analyses Supplement 1 to CENPD-300-P-A."

The NRC staff has identified that additional information is needed to continue portions of the review. The staff's request for additional information (RAI) is contained in the enclosures to this letter. STP has requested a delay in the review of WCAP-17322-P in a letter dated August 2, 2010 (Agencywide Documents Access and Management System Accession No. ML11216A222). As such the NRC staff has conferred with the STP staff and determined that the RAI responses enclosed should be received by the NRC staff by April 30, 2012.

If you have any questions or comments concerning this matter, I can be reached at 301-415-6197 or by e-mail at Tekia.Govan@nrc.gov.

Sincerely,

/RA Stacy Joseph for:/
