DOMINION ENERGY KEWAUNEE, INC.
KEWAUNEE POWER STATION
EMERGENCY RESPONSE DATA SYSTEM (ERDS) CHANGES

Dominion Energy Kewaunee, Inc. (DEK) hereby confirms the information previously provided per 10 CFR 50, Appendix E, Section VI, Paragraph 3.b, regarding upcoming hardware and software changes at Kewaunee Power Station (KPS) that could affect the transmission format and computer communication protocol to the ERDS.

DEK will make modifications to the ERDS software by converting from a dial-up modem system to a more reliable internet based utility using the Public R*Time server and an NRC supplied Virtual Private Network (VPN) appliance during late August 2011. As requested by NRC Regulatory Issue Summary (RIS) 2009-13, "Emergency Response Data System Upgrade from Modem to Virtual Private Network Appliance", the NRC ERDS Resource desk was notified of this pending change via email on March 11, 2011.

If you have questions or require additional information, please feel free to contact Mr. Jack Gadzala at 920-388-8604.

Very truly yours,

A handwritten signature in black ink, appearing to read "M. J. Wilson", followed by a horizontal line.

Michael J. Wilson
Director, Safety and Licensing, Kewaunee Power Station
