SUMMARY

Dominion: Tom Szymanski, Dave Summers, Brain Wakeman
NRC: Jennie Rankin

The NRC staff is currently in process of issuing Request for Supplemental Information (RSIs) regarding the exemption request for the misloaded Dry Shielded Canisters at North Anna and Surry Power Stations. The RSI included submitting ANSYS files related to the thermal analysis and an environmental report. Dominion indicated that the responses to the RSIs would be submitted in a timely manner. Due to resources being shifted to perform assessments as a result of the earthquake, Dominion will inform the NRC staff by 8/25/11 if the proposed date of 9/7/11 for submittal of RSI responses is achievable.
