SUBJECT: SHEARON HARRIS NUCLEAR PLANT: OFFICE OF INVESTIGATIONS
REPORT NO. 2-2010-047 AND INSPECTION REPORT 05000400/2011405

Dear Mr. Jefferson:

On September 22, 2010, the NRC's Office of Investigations (OI) initiated an investigation to determine whether security supervisors, employed by Securitas at the Harris Nuclear Plant, willfully failed to take action upon being informed that a security officer was inattentive on March 16, 2008.

OI completed its review on April 18, 2011. Based on the staff's review of the details of the investigation, the NRC has concluded that enforcement action is not warranted in this case. We plan no further action with regard to this matter. Should you have any questions concerning this letter, please contact me at (404) 997-4540.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). Sincerely,

/RA/
