Subject: Support for licensing of Units 3 and 4 at Plant Vogle

The Southern Carolina Regional Development Alliance representing Allendale, Barnwell, Bamberg, and Hampton Counties and headquartered in Barnwell, SC, supports the issuance of the COL for Plant Vogle units 3 and 4 (Docket Nos. 52-025-COL and 52-026-COL).

The Southern Company has been operating facilities in our area for decades. Plant Vogle is across the Savannah river from our adjacent communities and employs many of our citizens. Our communities have long supported the Nuclear power generation Industry, and see additional capacity as a way to become less dependent on foreign resources.

We support the development and installation of the new units in our area, and the reliable electricity that these units will provide for our neighbors.

We strongly encourage the commission to approve the COL for Plant Vogle.

Sincerely,

Danny R. Black
President and CEO
Southern Carolina Regional Alliance
