Robin Elliott, NRC RI Health Physicist**Telephone No.** 860-872-5241**Subject:** Request for additional information – renewal application

Christine returned my call after I called and was told that Kevin Wisel (the contact listed on the renewal application) was on vacation. She provided the following information:

- Fax numbers and email addresses for Peter Karl and Edward Denstman:
 - pkarl@echn.org, fax number 860-533-3437
 - edenstman@echn.org, fax number 860-872-5352
- I requested that their facility diagrams be re-submitted showing how they all relate to one another or include room numbers, and all other markings as instructed in NUREG 1556 Volume 9 Rev 2 Section 8.16.
- I asked about I131 use and Christine stated that she did not believe any I131 was used at this location. She will confirm with Kevin next week and have him respond directly to me.
- I asked about the discrepancy in the address on the application and the license between Vernon, CT and Rockville, CT. Christine stated that Rockville is a subdivision of Vernon and although they both have the same zip code the correct city to use is Vernon, as listed on the current license.

Action Required: Process renewal when a response is received from licensee on the facility drawings and confirmation of I131 usage.
