Jimi - I hear that you will be out of the office next week. Will Scott Elkins be leading the call for you?

Thanks,
Rich

Great. Thanks. We're still waiting to hear back from the licensee with a firm date/time. Tentative timeframes are Tues or Wed next week. Both plants PMs indicated that the licensee seemed very receptive to the request and ready to support. Stay tuned...

Rich

Okay. I'm still working towards providing the documents for the plants to review to you Rich by the end of next week. FYI

All;

I've spoken with my counterparts at both plants and they'll be on the call, whenever it is.

Scott
