Re: Request for amendment, license # 42-26928-01

ProTechnics, a Division of Core Laboratories, wishes to amend its NRC radioactive material license, # 42-26928-01, condition 18.B. There are four isotopes listed in this condition that are not present on our license as authorized for use. Consequently, we wish to delete these isotopes from this condition. Please delete the following radioisotopes from condition 18.B.:

Sodium-24
Chromium-51
Rubidium-86
Xenon-133

If you have any question, or need additional information, please let me know.

Thank you,

Will Williams
Corporate RSO
