power plants and vital areas of nuclear power plants receive approval of SB/DFS prior to access in accordance with Management Directive and Handbook 12.3.

G.3 - Responsibilities

G.3.1. - Program Element Managers and Project Officers

- A. The NRC PEM is the NRC CO's authorized representative for the technical aspects of the entire technical area for which he/she is responsible. The NRC PO is the CO's authorized representative for the technical aspects of each individual task for which he/she is designated.

The PEM and PO for an individual subtask are responsible for: (1) monitoring the Center's progress to ensure that work completed is commensurate with resources expended and is on schedule, including surveillance and assessment of performance, and recommending to the CO changes in requirements; (2) interpreting the scope of work; (3) performing technical evaluation as required; (4) performing technical inspections and acceptances required by this contract; and (5) assisting the Center in the resolution of technical problems encountered during performance. Within the purview of this authority, the PEM and PO are authorized to review all costs requested for reimbursement by the Center that are associated with their particular major area of work as specified in the current Center Operations Plans. Recommendations for approval, disapproval, or suspension for supplies/services required under the contract shall be submitted to the NRC CNWRA PEM. The NRC CO is responsible for directing or negotiating any changes in terms, conditions, or amounts cited in the contract and any Operations Plans incorporated herein by reference. For guidance from the PEM or PO to the Center to be valid, it must: (1) be consistent with the description of work set forth in the contract; (2) not constitute new assignment of work or change to the expressed terms, conditions or specifications incorporated into the contract; (3) not constitute a basis for an extension to the period of performance or schedule for major milestones; and, as stated above, (4) not constitute a basis for any increase in the contract cost.

- B. The PEM or PO is not authorized to approve or request any action which results or could result in an increase in contract cost; or terminate the contract, settle any claim or dispute arising under this contract, or issue any unilateral directive whatsoever.
- C. The NRC PEMs, POs, and areas of work for which they are designated are as follows:

To receive payment, the contractor shall complete the "Company Information" portion of the Standard Form 3881, entitled "ACH Vendor/Miscellaneous Payment Enrollment Form" found in Section J. The contractor shall take the form to the ACH Coordinator at the financial institution that maintains its company's bank account. The contractor shall discuss with the ACH Coordinator how the payment identification (addendum record) will be passed to them once the payment is received by the financial institution. To ensure that adequate payment information will be available to the contractor, the contractor should inform the financial institution that the addendum record must not be stripped from the payment. Further information concerning the addendum is provided in the attachments. The ACH Coordinator should fill out the "Financial Institution Information" portion of the form and return it to the Office of the Controller at the following address: Nuclear Regulatory Commission, Division of Accounting and Finance, Financial Operations Section, Mail Stop T-9-H-4, Washington, DC 20555, ATTN: ACH/Vendor Express. It is the responsibility of the contractor to ensure that the financial institution returns the completed form to the above cited NRC address. If the contractor can provide the financial information, signature of the financial institution's ACH Coordinator is not required. The NRC is under no obligation to send reminders. Only after the Office of the Controller has processed the contractor's sign-up form will the contractor be eligible to receive payments. Once electronic funds transfer is established for payments authorized by NRC, the contractor needs to submit an additional SF 3881 only to report changes to the information supplied. Questions concerning ACH/Vendor Express should be directed to the Financial Operations staff at (301) 415-7520.

H.1 2052.215-70 Key Personnel (Jan 1993)

- [REDACTED]

The contractor agrees that such personnel shall not be removed from the contract work or replaced without compliance with paragraphs (B) and (C) of this section.
