

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555-0001
September 7, 2011

SECRETARY

Andrew Mitchell
Director, Technological Hazards Division
FRPCC Executive Secretary
DHS/FEMA
1800 South Bell Street – CC847
Mail Stop 3025
Arlington, VA 20598

Dear Mr. Mitchell:

The U.S. Nuclear Regulatory Commission (NRC) is pleased that you will participate in a public Commission meeting on the Japan Near Term Task Force (NTTF) Report – Short-Term Actions, September 14, 2011, at 9:00 a.m. The meeting will be held in the Commissioners' Conference Room on the first floor of the NRC's Headquarters building at One White Flint North, Rockville, Maryland. The Commission is interested in hearing FEMA's input on potential short-term actions that should be implemented in light of the events associated with Fukushima regarding recommendations #9 of the NTTF report on requiring "facility emergency plans address prolonged station blackout and multiunit events," specifically to discuss offsite resources and communications. The NTTF report may be found on the NRC public website at <http://pbadupws.nrc.gov/docs/ML1118/ML111861807.pdf>, and a summary of the recommendations is listed on page 69-70. In the staff requirements memorandum on SECY-11-0093, the Commission directed the staff to provide two follow up papers on the short-term actions and prioritization of the recommendations: <http://www.nrc.gov/reading-rm/doc-collections/commission/srm/2011/2011-0093srm.pdf>. The new paper on the short-term actions is due this Friday, September 9th, and the new paper on the prioritization is due October 3rd. As soon as the papers are publicly released, my staff will provide them to you.

I am enclosing a copy of the draft meeting agenda for your information (enclosure 1). My staff will keep you informed of any updates to the agenda.

To assist the Commission in preparing for the meeting, please e-mail any written material, including slides/viewgraphs, to Ms. Rochelle Baval and Ms. Sandy Joosten (rochelle.baval@nrc.gov and sandy.joosten@nrc.gov) in the Office of the Secretary, by September 12, 2011, so that it can be distributed to the Commission for review in advance of the meeting. Enclosed are guidelines for slides, if you choose to use them (enclosure 2). PowerPoint is the preferred format, but other electronic presentation formats may be used. This Commission meeting will be webcast live at the Web address: www.nrc.gov. If you intend to use slides, they will also be posted on the NRC website prior to the meeting. If you have any questions, please contact Ms. Baval at 301-415-1651.

Your presentation at the Commission meeting should be based on the assumption that Commissioners are familiar with the content of your written material. Please plan your oral presentation for 5 minutes, discussing the important points on which you wish to focus the

Commission's attention.

The NRC Headquarters building is located opposite the White Flint Metro Station on Rockville Pike and Marinelli Drive, Rockville, Maryland. The White Flint Metro Station is on the Red Line of the Washington area subway system. Reserved visitor parking for Commission guests is available. If you wish to use reserved parking, please notify Ms. Baval in advance. If reserved parking has been arranged, please check-in with the security staff at the entrance to the NRC campus on Marinelli Drive when you arrive. A Security Guard will call for an escort. Please note that visitors will be screened through metal detectors, will have their packages x-rayed, and will be required to present a picture identification card prior to signing in at the registration desk.

Sincerely,

A handwritten signature in black ink, appearing to read "Annette Vietti-Cook", with a stylized flourish extending to the right.

Annette Vietti-Cook
Secretary of the Commission
