Dear Dr. Brewer:

This is in reference to your response to additional information received August 15, 2011 regarding the renewal request of Nuclear Regulatory Commission License No. 25-29088-01. In order to continue our review, we need the following additional information:

1. In comparing the original list of Authorized Users (AU) submitted with application dated April 25, 2011 and the aforementioned response, there are some AU's from the original list that are not listed under license number 11-27404-01. Specifically, Dr. Neal Clinger, Dr. James Taylor, Dr. Peter Vance, and Dr. Richard Penney were not listed. I performed an internal search and found that Dr. Clinger, Dr. Vance and Dr. Penney are listed on NRC license 11-27346-01. Please confirm these are the same individuals you are proposing be named on NRC license 25-29088-01.
2. During my internal search I could not find Dr. James Taylor on a license. Please provide an NRC license number or copy of an agreement state license where Dr. Taylor is names as an AU for 35.100 and 35.200; **OR** complete the attached 313a(aud).

We will continue our review upon receipt of this information. Please reply to my attention and refer to Mail Control No. 574992. If you reply via email, please attach a signed letter in PDF format or you may fax your response to (817) 860-8263. If we do not receive a reply from you by September 16, 2011, we will assume that you do not wish to pursue your application.

If you have any technical questions regarding this deficiency letter, please call me at (817) 276-6596.

Current NRC regulations and guidance are included on the NRC's website at www.nrc.gov; select **Nuclear Materials; Medical, Industrial, and Academic Uses of Nuclear Material**; then **Regulations, Guidance, and Communications**. You may also obtain these documents by contacting the Government Printing Office (GPO) toll-free at 1-866-512-1800. The GPO is open from 7:00 a.m. to 6:30 p.m. EST, Monday through Friday (except Federal holidays).

Dear Ms. Roldan-Otero;

I wish to clarify which of the four individuals identified in your e-mail of August 22, 2011 are to be authorized users on the referenced Materials License. We are requesting that the following be authorized users on the License 25-29088-01 (Barrett Memorial Hospital)

Dr. Richard Penney

Dr. Peter Vance

Dr. Neal Clinger

Each of these individuals are currently on License 11-27404-01

We do not wish to name Dr. James Taylor as an authorized user. He will not be working with radioactive materials.

Best regards,
