

**UNITED STATES
NUCLEAR REGULATORY COMMISSION
ADVISORY COMMITTEE ON REACTOR SAFEGUARDS
WASHINGTON, DC 20555 - 0001**

October 12, 2011

MEMORANDUM TO: R. W. Borchardt
Executive Director for Operations

FROM: Edwin M. Hackett, Executive Director /RA/
Advisory Committee on Reactor Safeguards

SUBJECT: PROPOSED CLOSEOUT - GENERIC ISSUE 186, "POTENTIAL
RISK AND CONSEQUENCES OF HEAVY LOAD DROPS IN
NUCLEAR POWER PLANTS"

During the 587th meeting of the Advisory Committee on Reactor Safeguards, October 6-8, 2011, the Committee considered the proposed closeout of GI-186. The Committee decided not to review the proposed closeout and has no objection to the staff's proposal to issue it. No response to this memorandum is required.
