CORPORATE NUCLEAR EMERGENCY PLAN

MONTICELLO NUCLEAR GENERATING PLANT  
Docket No. 50-263 License No. DPR-22

PRAIRIE ISLAND NUCLEAR GENERATING PLANT  
Docket Nos. 50-282 License Nos. DPR-42  
50-306 DPR-60

Furnished with this letter is a copy of revision 7 to the NSP Corporate Nuclear Emergency Plan. This revision contains changes as a result of our annual internal review, update, and certification of emergency plans and agreements. As such, revisions to this plan have been reviewed and approved and do not decrease the effectiveness of this plan. Significant changes have been identified with the use of a vertical line in the margin.

It should be noted that the plant and Corporate Plans are companion documents. Each plan does not, by itself, address or reference all of the emergency planning requirements or guidance criteria. It is intended that the plant plan cover site specific requirements and that the Corporate Plan cover offsite requirements and functions normally assigned to the corporate offices.

CORPORATE NUCLEAR EMERGENCY PLAN REVISION 7

Manifest Date: AUGUST 2, 1984

Distribution: See attached manifest

Description: The attached copy represents revisions to the NSP Corporate Nuclear Emergency Plan. Significant changes have been identified with the use of a vertical line in the margin. This revision includes changes as a result of the annual internal review, update and certification of emergency plans and agreements. Significant changes include:

- Nuclear Generation Department is now responsible for the Corporate Nuclear Emergency Plan
- Fred Fey has replaced E. C. Ward as the individual responsible for Corporate Emergency Preparedness
- New plans for Wisconsin (State & local)
- HQEC as interface with Executive Spokesman and for technical input and review of press releases
- HQEC as INPO contact for updated communication
- HQEC to assemble recovery organization
- MIDAS (Meteorological Information & Dose Assessment System) description
- Once EOF is activated, the RPSS (with the assistance of a MIDAS operator from the plant) is responsible for dose assessment
- Dakota County EOC is now located in the lower level of the Dakota County Government Center
- Revised Figure 5-1, Communication Link includes facsimile links and Minnesota State Patrol radio installation in the EOFs
- EOF Coordinator assumes Emergency Manager responsibilities until Emergency Manager designee arrives
- New requirements governing exercises with States & locals (every 2 years)
- New EPIP 1.1.18
- Updated Letters of Agreement (Appendix A)
- Updated REMP (Appendix B)

Remarks: Revisions have been reviewed and approved and do not decrease the effectiveness of this plan. Implementation will be upon receipt. All plan holders should be aware of the importance of maintaining this plan.

Instructions: Replace existing Emergency Plan pages with the attached revised pages. Colored slip sheets indicate tab placement. All superseded pages should be destroyed and plan holders should review the changes in this revision. Posting and inventorying should be completed and the attached ACKNOWLEDGEMENT OF RECEIPT RETURNED WITHIN FIVE WORKING DAYS.

If you have any questions concerning distribution of this plan, contact Gigi Williams at (612)330-6397.
