Dr. Graham,

Yes you may take the additional time. Please have the letters to me by Wednesday, November 16.

I am sorry to hear about Mr. Labato. Our system that holds the contact names has been recently updated and I guess did not have the latest information in the system. I will ensure that it gets updated with Robert S. Hudd.

Subject: Response to letter of Sept. 30, 2011

Mr. Lawyer:

We are requesting some additional time for our response to your letter of Sept. 30, 2011 (docket no. 03010576, control no. 575922 and 575923). (We need approximately 10 additional days to obtain the requisite signatures on the letter and CFA).

In addition, we need to notify you that the person to whom you addressed the letter (Frank Labato, Director Environmental Health and Safety) died three years ago. There have been subsequent communications between NRC and UCONN. Over the past 5 years 313 forms and letters have been signed by Robert S. Hudd, Associate Vice President for Public and Environmental Safety. [Note that our response will not be altered by this- it will be signed by Robert S. Hudd on the response letter and Barry Feldman on the CFA.
