RE: Amendment to NRC License No. 21-04177-01, Lakeland Medical Center.

Please amend the following item(s):

We wish to amend our license to add James Douglas Huggett, M.D. as an Authorized User to our license under the conditions of 10 CFR 35.200 to perform medical procedures using permitted byproduct material. If you have any further questions, please contact me via my information below.

Sincerely,

David E. Sieffert, M.S.

Amendment No. 01

14. The licensee is authorized to transport licensed material in accordance with the provisions of 10 CFR Part 71, "Packaging and Transportation of Radioactive Material."
15. Except as specifically provided otherwise in this license, the licensee shall conduct its program in accordance with the statements, representations, and procedures contained in the documents, including any enclosures, listed below. This license condition applies only to those procedures that are required to be submitted in accordance with the regulations. Additionally, this license condition does not limit the licensee's ability to make changes to the radiation protection program as provided for in 10 CFR 35.26. The U.S. Nuclear Regulatory Commission's regulations shall govern unless the statements, representations, and procedures in the licensee's application and correspondence are more restrictive than the regulations.
- A. Application dated December 22, 2006; and
- B. Letters dated December 14, 2006, January 30, 2007, and November 16, 2010.
