CORPORATE NUCLEAR EMERGENCY PLAN

MONTICELLO NUCLEAR GENERATING PLANT
Docket No. 50-263 License No. DPR-22

PRAIRIE ISLAND NUCLEAR GENERATING PLANT
Docket Nos. 50-282 License Nos. DPR-42
50-306 DPR-60

Furnished with this letter is a copy of Revision 10 to the NSP Corporate Nuclear Emergency Plan. This revision contains changes as a result of our annual internal review, update, and certification of emergency plans and agreements. As such, revisions to this plan have been reviewed and approved and do not decrease the effectiveness of this plan. Significant changes have been identified with the use of a vertical line in the margin.

It should be noted that the plant and Corporate Plans are companion documents. Each plan does not, by itself, address or reference all of the emergency planning requirements or guidance criteria. It is intended that the plant plan cover site specific requirements and that the Corporate Plan cover offsite requirements and functions normally assigned to the corporate offices.
